Examiner Note: You must sign this form unless it is an attachment to a signed Office action.

Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Applicant argues Alivisatos does not disclose selected regions as claimed. Applicant states the claimed selected regions are preidentified as shown in Figure 7 and in the instant specification. Examiner disagrees stating Alivisatos discloses selected regions just as instantly claimed. Examiner indicated claims 13, 14 and 44 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims. .
